The CODE of CONDUCT is in force for grades 7-12, 365 days per year.

430 EXPECTED STANDARDS of CONDUCT for ATHLETES

- > The good of the team is first and foremost. Once a team is eliminated, then the individual becomes the most important priority.
- > No athlete will ever employ illegal tactics to gain an undeserved advantage. All athletes will dedicate themselves to the highest standards of sportsmanship.
- > All athletes will care for all athletic equipment as if it were their own personal property. If equipment is damaged or destroyed through practice and/or competition, it will be repaired or replaced by the school. If equipment is lost or stolen, the athlete will have responsibility for replacement.
- > All athletes will obey the specific training and practice rules for their team as provided by the coaching staff.
- > Athletes should not engage in negative or unlawful activity. Drinking alcohol, taking controlled substances, using tobacco products, using profanity, and being disobedient are activities, which are harmful to athletes and their teams.

- > Athletes, student managers, student trainers, and student statisticians must pass five (5) classes each grading period to remain eligible for athletics.
- > Athletes should exhibit a positive attitude in all they attempt to do. They should work for the betterment of South Decatur and set a good example by doing what is right and what is good.
- > Contest officials deserve courteous respect. They are present for the purpose of assuring a fair contest.
- > Athletes should be mindful and respectful of the fact that coaches, teachers, and school officials have the best interests of all athletes as they equip, schedule, and coordinate the athletic program.
- > Athletes must ride to and from athletic events on the bus or mini bus provided by the Decatur County Community Schools unless they provide prior written permission from their parent/legal guardian.
- > ALL South Decatur athletes must comply with the standards of our athletic code and school rules or be subject to disciplinary action, including dismissal from the team, as determined by the rules, coaches, athletic director, and principal.

IMPORTANT: South Decatur is not asking student-athletes to make sacrifices. Sacrifice implies giving up good/positive things. We are asking our athletes to do the opposite. Live clean, think clean, and do those things, which make you a positive team member.

TESTING PROCEDURES

1. As each student turns in his/her consent form a school employee will give it a number, by writing it on the face of the form. Numbers will begin with “1” and forms will be numbered consecutively as they come in. The list of names and numbers will be kept in a locked file in the principal’s office.

2. On the date of testing, which could be on any day of the week, Monday through Saturday, the principal or designee will access the website, <http://randomizer.org> and type in the range of number 1 through the amount of forms turned-in. The principal or designee will also type in the number or random numbers required—one for each test to be administered. The website will provide the random numbers. The students whose names correspond with the numbers will be tested.
3. No student will be given advance notice or early warning of the testing. In addition, a strict chain of custody will be enforced to eliminate invalid tests or outside influences.
4. Upon being selected for a testing under this policy, either by random draw, reasonable suspicion, request of a parent/guardian, or a “follow up” test, a student will be required to provide a sample of “fresh” saliva according to the quality control standards and policy of the laboratory conducting the test. The test will be conducted in a private office under the direct supervision of the testing coordinator and the school nurse.
5. If it is proven that tampering or cheating has occurred during the collection, the student will become ineligible for all the extracurricular activities or ineligible to drive to and from school for the remainder of the school year. This will be reported to the parent/guardian.
6. Immediately after the sample is taken, the student may return to class with an admit slip or pass with the time he/she left the collection site. The principal or designee must time and sign the pass.
7. The testing sample will then be turned over to the testing laboratory, and each specimen may be tested for Amphetamines, Cocaine, THC, Methamphetamines, Opiates, PCP, Barbiturates, Benzodiazepines, Methadone, Alcohol, and Cotinine. Cotinine will not apply towards this policy in regards to driving privileges.
8. The laboratory selected must follow the standards set by the Department of Health and Human Services. It must be certified under the auspices of the Clinical Laboratory Improvement Act (CLIA) and the Joint Commission of Accreditation of Healthcare Organizations (JCAHO).

CHAIN OF CUSTODY

1. The certified laboratory will provide training and directions to those who supervise the testing program, set up the collection environment, and guarantee samples and supervise the chain of custody.
2. The principal or designee will be responsible for escorting students to the collection site. The student should bring all materials with him/her to the collection site and should not be allowed to go to his/her locker. Once a student is notified that they have been chosen to provide a sample, they **will not** have the opportunity to self-report.
3. Before the student’s sample is tested by the laboratory, the student will agree to fill out, sign and date any form, which may be required by the testing laboratory. If a student chooses, he/she may notify the administrator that he/she is taking a prescription medication.

4. A test vial will be given to each student. The vial will remain in the student's possession until a seal is placed upon the vial. The student will initial that the sample has been sealed. Only the lab testing the sample may break the seal.
5. If the seal is tampered with or broken, after leaving the student's possession and prior to arriving at the lab, the specimen is invalid. The student will be called again as soon as possible. The student will remain eligible for all activities subsequent to a retest.
6. The student will insert the test stick into his/her mouth and will be instructed by the supervisor when to extract the test. Once the test strip indicates a sufficient sample, the test strip will be sealed in front of the student.
7. After it has been sealed, the testing supervisor will ship the sealed sample via commercial carrier. The testing laboratory will report the results back to the principal or designee.
8. In order to maintain confidentiality, the container that contains the saliva sample to be tested will not have the name of the student on the container. Instead, the student's random identification number will appear on the container. Also, the result sheet for the sample will be mailed back to the principal or designee with no name attached; only the student's random identification number will appear on the result sheet.

TEST RESULTS

1. This program seeks to provide needed help for students who have a verified "positive" test. The student's health, welfare, and safety will be the reason for preventing students from participating in extracurricular activities and/or driving to and from school or parking on school grounds.
2. The principal or designee will be notified of a student testing "positive" (that is, if the test shows that drug residues are in the student's system after using at least two different types of analyses). The principal or assistant principal will notify the student and his/her parent/guardian. The student or his/her parent/guardian may submit any documented prescription, explanation, or information, which will be considered in determining whether a "positive" test has been satisfactorily explained. In addition, the student or parent/guardian may appeal by requesting that the certified laboratory at a cost to the student or his/her parent/guardian test the original sample again. Refusal by **any** student enrolled in this program to submit to a drug screen when directed will be considered a violation under the terms of this program.
3. If the test is "positive", the principal or designee will meet with the student and his/her parent/guardian at a school corporation facility. The student and parent/guardian will be given the names of counseling and assistance agencies that the family may want to contact for help. The student must enroll in an approved counseling program and actively participate until successfully completing the program.
4. A "follow up" test will be requested by the principal or designee after such an interval of time that the substance previously found would normally have been eliminated from the body as determined by the Medical Review Officer of the

laboratory. If this “follow up” test is negative, the student will be allowed to resume extracurricular or driving to or from school. If a second “positive” result is obtained from the “follow up” test, or any later test of that participant, the same previous procedure shall be followed. In addition to the random-testing program, the Decatur County Community School Corporation reserves the right to test for the next 365 days any participating student who tested “positive” and did not make satisfactory explanation.

5. Information on a verified “positive” test will be shared with the student’s coach or sponsor with the words: “Said student is ineligible for any extra-curricular program.” No mention of the results of a drug test will be reported to any coach or sponsor.

6. Drug testing results sheets will be returned to the principal or assistant principal identifying students by number and not by name. Names of students tested will not be kept in open files or on any computer. Result sheets will be locked and secured in a location to which only the principal or designee will have access.

CONSEQUENCES

The contents of this policy supersede the Code of Athletic Conduct previously adopted by the Board of Education.

1. Once a positive test is produced the student is ineligible to participate in the athletic program/drive until a negative test is produced. The length of the suspension of activity/driving privilege is not to be less than fourteen calendar days.
2. During the time the student is suspended from the activity, an athlete may not practice nor represent the school at athletic contests. Rule C-9-14 of the IHSAA applies upon the student’s return to the athletic activity.
3. No consequences will be applied to students who are covered by this policy because they are drivers only if they test positive for tobacco.

FINANCIAL RESPONSIBILITY

1. Under this policy, Decatur County Community School Corporation will pay for all initial random drug tests and all initial reasonable suspicion drug tests.
2. The “follow-up” test is the financial responsibility of the student and his/her parent/guardian.
3. Counseling and subsequent treatment by non-school agencies is the financial responsibility of the student or his/her parent/guardian.

CONFIDENTIALITY

Under this drug testing program, any staff, coach, or sponsor of Decatur County Community School Corporation who may have knowledge of the results of a drug test will not divulge to anyone the results of the test or disposition of the student involved, other than in the case of a legal subpoena being made upon that person in the course of a

legal investigation. Once again, this will underscore the Decatur County Community School Corporation's commitment to confidentiality with regards to the program.

OTHER RULES

Apart from this drug testing program, Decatur County Community Schools and the coaching staffs/sponsors at South Decatur Jr. /Sr. High School and South Decatur Jr. /Sr. High School have their own training rules and requirements. Coaches/sponsors have the necessary authority to enforce those rules. Any student who violates a rule or requirement as a member of a team or activity will be subject to the consequences as defined in those rules and requirements.

South Decatur Athletic Department Grade Check Policy

For several school years, the faculty and administration at South Decatur Jr./Sr. High School has put an emphasis on the academic performance of our students-athletes. It is our feeling that the academic progress of our students is much more important than the performance of our athletes and our athletic teams. Our faculty and our athletic coaching staff are firmly behind this philosophy.

Grades for each participant involved in athletics will be due in the athletic director's office by 3:30 pm on Tuesday. The athletic director will notify each coach of the eligibility of his/her athletes on Tuesday evening. For any high school student receiving two subject grades at D level or any student receiving one subject grade at (F) failing level will be rendered ineligible from Wednesday until he/she passes the next grade check the following week. For Jr. High students the grade check policy will be for any student receiving one subject grade at failing level (F) will be rendered ineligible.

Grades are only to be determined by the graded work, which has been entered into the school-wide electronic system at the time of the grade check, which will be initiated by the athletic director. All grade decisions will be deemed final at the time of the check.

Rule #7 on page eight of our Board of Trustee adopted Athletic Code of Conduct states:

“The coach of each sport may set specific team rules. These rules and the penalties for breaking them will be given to the student-athletes by the coach at the first practice or meeting of that sport. These specific rules will be on file with the athletic director.”

Sportsmanship Creed

Players shall at all times represent themselves and their school with honor, conduct, and good sportsmanship. They should understand that competitive rivalries are encouraged, but that disrespect for opponents is unsportsmanlike and lessens the value of the rivalries. Players should confine their competitiveness to the field, and, in particular, behave properly on the sidelines and in the locker rooms both before and after games. Each South Decatur athlete is expected to comply fully with the rulings of the officials and not to demonstrate dissatisfaction with decisions either by voice, action, or gesture. Players must not forget that they represent themselves, their families, and South Decatur Jr. /Sr. High School
